Safety Operation

The above photo shows the Mauser safety in the off position.

The above photo shows the Mauser in the middle position. This position allows for the opening of the bolt - but does not allow for the trigger to be pulled.

The above photo shows the Mauser in the far right - "Safety On" position. This position does not allow you to open the bolt or pull the trigger.

Rear Sights

The above photo shows the rear sight in the 300 meter battle position.

The above photo shows the rear sight in the upright position allowing for adjustment of 400 meters to 2000 meters.
