What is a postal match? [More.....](#)

We've had so many people "complain" that there has not been a Mauser only match that, well, guess we'll just have to oblige the Surplusrifle.com community! Before everyone starts to email us, how about the one basic ground rule that the rifle you use be a TRUE Mauser action. That is, even though the 1903 Springfield is based on a Mauser action, let's keep this match pure and simple in Mausers.

Non-sporterized= no replacement stocks, no caliber changes, no sporting barrel replacements etc.

NOTE: If a rifle was "arsenal rebuilt/reconfigured", it qualifies (example, FR-8, FR-7, 1916 Guardia, etc.)

Again, there have been changes to the rules, so read them completely through before shooting and contact us if you have questions.
