What is a postal match? [More.....](#)

Okay, I have gotten a lot of requests for a .22 rim fire trainer rifle match over the year. This one is for you that requested it. I wanted to wait until my M12 was free to participate AND let the snow melt... The difference is that if we only made the match open to military type trainers, well, there wouldn't be much of anyone shooting. There aren't all that many out there that are TRUE military trainers. So, in the spirit of bringing the gang all together, we will have separate categories for SPORTER rifles.
